Dear Hiring Manager,

I would like to express my interest for the position of Full Stack Developer at Cotiviti. I have always dreamt for applying as an employee in the mentioned position in your organization. With undergraduate of BSc.Hons Computing, I have acquired plenty of skills and knowledge which makes me pretty confident that I will be an asset for your organization.

I have gained the experience to work as a Full Stack Developer through my University project. I have developed an Event management System. I am familiar on writing JavaScript and have a good knowledge of Python and Django framework. I would love to work on engaging production projects that would push me to work outside my comfort zone. I am also opened to learn new languages and technologies to succeed in your organization.

I have seen that the skill sets you listed in the job description are similar to my background and skills. For instance, the ones listed below are some areas of my forte.

- Knowledge of back-end language i.e. Python
- Familiarity with database i.e. MySQL
- Highly skilled in programming, testing, and developing software
- Thorough understanding of data structures and algorithms
- Proficiency with Git
- Good communication and interpersonal skills

I hope you will find me that I am qualified for the position you are trying to fill. Please feel free to reach me anytime on my cell phone or email address. Thank you for your time and consideration. Eagerly looking forward speaking to you.

Yours Sincerely,

Sanjila Bura Shrestha
